

In response to hearing about the anti-Kerry show by Sinclair, I think you should all be fired from your jobs at the FCC unless you stop it ! What's wrong with you people there that you're letting it get this far even ?? This kind of thing should be stopped before now.

STOP THE SINCLAIR SHOW

it's wrong. it's wrong and you know it. don't be afraid to take a stand, come on.

If Janet Jackson's boob and Howard Stern's cursing are enough to get you so riled up, then this thing with Sinclair should be sending you through the roof - you should be so mad that Sinclair would try and do this right in front of everybody, that you go and shut down the company, take it over, and kick out the CEO.
